

Every case is a new story - using endoscopy and ultrasound – AN ONLINE WORKSHOP

AUTHOR: Assoc. Prof. Martina Crnogaj, DVM, PhD (Faculty of Veterinary Medicine, University of Zagreb, Croatia)

Collaborators: Assist. Prof. Jelena Gotić, DVM, PhD; Assist. Prof. Iva Šmit, DVM, PhD (Croatia)

DESCRIPTION

Today's knowledge about diseases and diagnostics enables a lot of information and diagnostic tools at the disposal of clinicians. Laboratory tests, ultrasound and endoscopic examination are an indispensable part of the examination of most small animals and horses. Through interactive lectures and cases, the lecturers will bring the daily stress and effort needed to diagnose diseases of dogs, cats and horses closer to the audience.

STRUCTURE OF THE WORKSHOP: 3 lectures lasting 45 minutes each

DATE AND TIME: March 2023 (exact date TBA on Facebook and Twitter)

PRICE: 5€ for ISEAS members

PLATFORM: ZOOM or MSTeams (link and password will be sent to participants' email before the workshop)
